

CA 330

For thorough cleaning of all floors - even
in congested areas

Compact multi-purpose cleaner

The compact CA 330 combine performance with all surface versatility. When low noise and manoeuvrability is essential, the CA 330 are the right choice. This versatile machine now makes it possible to wash, mop, scrub and dry all surfaces. Cleaning of tiled, ceramic and dimpled floors has never been easier. Non-slip and safety floors can also be cleaned, quickly and easily with high productivity. An efficient belt drive system makes the machine ideally suited for cleaning in noise sensitive areas such as hotels, hospitals and offices. The compact design and high manoeuvrability allow the CA 330 to operate with equal efficiency in congested areas such as classrooms, kitchens and canteens. The secrets to the efficiency of this unit lie in the high brush pressure – ten times greater than with conventional machines, and the two 650 rpm contra-rotating brushes. The result is that even the dirtiest floors can be thoroughly cleaned with the minimum time and effort. The two counter-rotating brushes ensure that floors are left clean and dry ready for immediate use.

- Only compact machines to combine performance and with all surface versatility
- Aluminium chassis and stainless steel fittings ensure durability

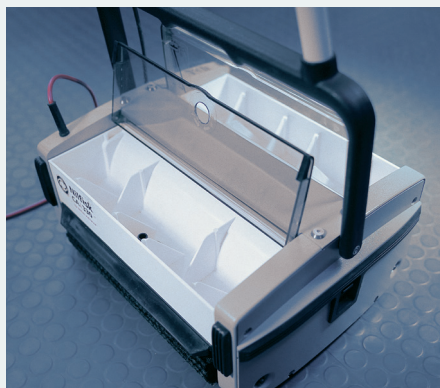

Technical specifications

Description	Unit	CA 330
Voltage	V	230-240
Rated power	W	750
Sound pressure level	dB(A)	68
Productivity rate theoretical/actual	m ² /h	1360/680
Scrubbing width	mm	330
Solution/recovery tank	l	1.7
Brush pressure	kg	23.5
Brush speed	rpm	650
Cable length	m	12
Length x width x height	cm	38x44x21
Weight	kg	23.5

Specifications and details are subject to change without prior notice.

Exceptional brush pressure, up to 0.25kg/cm²

All tanks are accessible and removable for easy emptying, solution change and cleaning

Options include tank to increase capacity and trolley for easy transport
